

ECO-FRIENDLY  
REFRIGERANT R290

## TC57

### Ice Maker

#### Product Features

- Cubed ice approx. 31x35x31mm (18 g)
- Production Capacity: 57 kg/24 h
- Storage Capacity: 28 kg
- Low energy air-cooled system
- Spray system produces individual clear ice cubes
- Self-contained ice machine with storage
- Ag+ easy to clean surfaces in the storage bin
- High quality SS304 stainless steel
- 4 Legs and 4 adjustable feet included
- Scoop for ice cubes included
- Built-in silent operating magnetic water pump
- Waste water drain pump for safe water drainage

Clear ice maker machine in stainless steel

The TC range of ice makers uses a spray system to produce crystal clear, slow melting ice cubes. This makes the unit ideal for use in cafes, restaurants, pubs, bars, fast-food venues, and other hospitality establishments that require ice for drinks, cocktails, or keeping food such as fresh fish cool. The exterior of the unit is made from 304 stainless steel; the door at the front of the unit allows quick access to an insulated storage bin, which features Ag+ antibacterial technology to help prevent the formation of bacteria and odors. To ensure that the ice cube maker runs efficiently, the unit has a air filter that is easy to remove and clean. The TC ice maker uses a low energy air-cooled system, which means it takes in the surrounding air and uses this to cool down the refrigeration system. The capacity of the ice maker is therefore affected by the ambient temperature surrounding it as well as the temperature of the water it takes in.

#### Measures and Content

Capacity Ice Production	kg/24h	57
Capacity In Ice Container	kg	28
Size of Ice Cubes	mm	31 x 35 x 31 (18g)
Water Consumption	l/24h	84
Climate Class		5
Gross / Net Weight	kg	55.6 / 48.15

#### Design and Material

Feet / Legs	4 adjustable feet and legs
Exterior Finish	SS304

#### Cooling and Functions

Type of Controller	Electronic	
Type of Cooling	Static	
Refrigerant	R290	
Refrigerant Charge	g	80

#### Power and Consumption

Energy Consumption	kWh/24h	14.7
Annual Energy Cons.	kWh/year	5366

Power	1
-------	---

Max Ambient	40°C at 40% RH
-------------	----------------

Input Power	W	650
-------------	---	-----

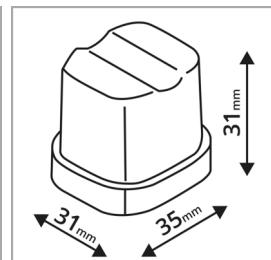

Voltage / Frequency	V/Hz	220-240/50
---------------------	------	------------

#### Dimensions

External Dimension (WxDxH)	mm	500 x 580 x 800
Packed Dimension (WxDxH)	mm	555 x 635 x 965
40ft Container Load	pcs	144

Easy to clean  
condenser filter
