### Display freezer with adjustable shelves

Showcase your frozen food items in the best way possible with this flexible display freezer, where you can adjust the height of the shelves according to the content. The freezer is easy to restock and the grid at the back ensures that you can fill the cabinet without accidentally interrupting the needed air circulation. Cleaning is quick, as the wet wall cabinet does not build up frost. Last but not least, the display freezer has a very low energy consumption, which helps keep running costs to a minimum.
