

DB201H

Backbar Cooler

Product Features

- Approx. 56% more energy efficient than previous DB-range
- Double glazed tempered glass
- Energy saving variable speed compressor
- Ventilated cooling for fast pull-down and even temperature
- Easy access electronic thermostat
- Adjustable shelves
- LED interior light

Energy-efficient backbar cooler

This new range of DB backbars is highly energy efficient and uses in average 56% less energy compared to the previous models from the same range. This backbar has ventilated cooling for a short pull-down time to ensure that you can keep up with customer demand for cold beverages. The temperature is easily adjusted on the electronic thermostat. The backbar cooler has hinged doors with double glazed tempered glass, which gives a nice product presentation. The adjustable wire shelves have a white plastic coating for easy maintenance. The backbar is ideal for busy bar environments, and with its black exterior and stucco aluminium interior it has a contemporary look. A great choice for any bar. The DB range is also available in a variant with self-closing sliding doors.

Measures and Content

| | | |
|--------------------|----------------|-----------|
| Total Display Area | m ² | 0.5 |
| Temperature Range | °C | +2 to +10 |
| Climate Class | | 4 |
| Gross / Net Weight | kg | 69 / 63 |
| Gross / Net Volume | l | 190 / 182 |
