

KBAK104

Chest Bottle Cooler

Product Features

- Low energy consumption
- Impressive storage space
- Removable top for easy loading
- Ideal for storing beer and soft drink crates
- Flat sliding solid lids
- Solid castors
- Static cooling

Spacious chest cooler for beverages

This KBAK chest bottle cooler is extremely spacious, as the compressor compartment is placed below the cooling area rather than built into the side of the unit. This means that you can place several crates of beer or soft drinks directly on the bottom of the unit and stack them. Solid sliding lids provide easy access to the contents. The KBAK chest cooler offers a perfect cooling solution for busy bars, venues, festivals, and events. It is even possible to take off the lids and stack the coolers, when they are not running. This is very practical if you only need the coolers running during events and otherwise stored away. Also available in a model with large castors for even greater mobility.

Measures and Content		
Temperature Range	°C	+1 to +8
Climate Class		4
Gross / Net Weight	kg	70 / 60
Gross / Net Volume	l	250 / 226
Design and Material		
Lid No & Type		2 solid sliding lids
Castors		Wheels
Exterior Finish		White
Interior Finish		White
Interior Light		No
Lock		Factory Option
Cooling and Functions		
Type of Controller		Mechanical
Type of Cooling		Static
Type of Defrost		Manual
Refrigerant		R600a
Refrigerant Charge	g	34
Thermometer		Yes
Power and Consumption		
Energy Class		B
Energy Consumption	kWh/24h	0.54
Annual Energy Cons.	kWh/year	198
Input Power	W	190
Voltage / Frequency	V/Hz	220-240/50
