GEMYT ARMCHAIR

CONTEMPORARY COLLECTION

Design Sami Kallio 2024

GEMYT is designed by Sami Kallio 2024.
Made with a a backrest in solid steambent beech, sculptured to it's shape in one single piece. The designer has with a careful hand balanced it's form into a timeless design, between the contemporary and classic.

The bowl-shaped seat is padded with a generous natural filling, dressed in vegetable tanned leather or natural textile, offering a superb seat comfort.

The elegant armrests offers just the right comfort without being in the way.
It's clever design allows it to slide under most tables, as well as possible to hang onto the table top.

GEMYT is just as beautiful and useful at the Restaurant or Library as at home.

Swedish handcraft made to customer order in 8 weeks.
