GOURMET ARMCHAIR

CONTEMPORARY COLLECTION

Design Studio Stockholm 2024

GOURMET is designed by Studio Stockholm 2024.
Made with a backrest in solid steam bent ash, sculptured to it's shape in one single piece. The designer has with a careful hand balanced it's form into a timeless design, between the contemporary and classic.

The bowl-shaped seat is padded with a generous natural filling, dressed in vegetable tanned leather or natural textile, offering a superb seat comfort. The gently forward tilted armrest with it’s round profile offers a relaxing seat posture.
The well measured height of the front end allows GOURMET to slide under most table tops.

Thanks to the unique technique of solid steam bending, the chair is despite it’s low weight very strong, made to last for generations.

GOURMET is just as beautiful and useful at the Restaurant, Library or at home.

Swedish handcraft made to customer order in 8 weeks.

DIMENSIONS

Width:	58 cm
Height:	74 cm (65 cm front armrest)
Depth:	52 cm
Seat height:	45 cm
Seat depth:	46 cm
Weight:	6 kg
