VERDENS BESTE DRONTA

EN REDDENDE DRÅPE

A vibrant, fantastical landscape. In the foreground, a stone wall with small tufts of grass frames the left side. The middle ground features a dense city with colorful buildings, a body of water, and a lush green forest with large, pink, cloud-like trees. In the background, a floating castle with spires and waterfalls is visible against a bright blue sky with sunbeams. The text "FORTSETTELSE FØLGER ..." is centered in the upper half of the image, flanked by two horizontal lines.

FORTSETTELSE FØLGER ...
